

V2G08 - ASSESSMENT: ESSENTIAL SYSTEMS AND APPLICATIONS

www.velgtraining.com/events/1333

COURSE INFORMATION

Our Assessment: Essential Systems and Application module explores the range of essential systems and application requirements when it comes to competency based assessment.

This module takes a look at what assessment systems are and what they consist of, before progressing into key factors that impact our application. Training Package requirements, the frameworks for our practices (application of the Principles of Assessment and Rules of Evidence), understanding assessment methods and the tools used, are all critical to our roles as Trainers and Assessors.

TOPICS COVERED

- What is an assessment system?
- Understanding the Principles of Assessment
- Understanding the Rules of Evidence
- What is Competency Based Assessment?
- Applying assessment methods and evidence gathering techniques
- Key features of "good" assessment tools
